Subject: Complaint Regarding Teaching Conduct and Methodology of Shwetha D S

Respected Sir

We, the Class Representatives **Pavan** and **Sameena**, are writing this letter on behalf of our entire class to bring to your attention some serious concerns regarding [**Faculty of OS Name: Shwetha D S**], who is currently teaching [**Operating System OS**].

Several students have been facing difficulties in understanding and keeping up with the lectures due to the following issues:

1. The faculty does not use PPTs or other visual materials, making it difficult to follow the concepts clearly.
2. The teaching pace is too fast for most students to properly understand or take notes.
3. The faculty often raises her voice and shouts during class, which creates a tense and uncomfortable atmosphere.
4. Certain students are unnecessarily targeted or scolded without proper reason.
5. A considerable amount of class time is spent on unrelated discussions, reducing the effective teaching time.
6. The checking and evaluation are extremely harsh, and marks are often deducted even for correctly written answers.

We respect all our faculty members and genuinely wish to learn the subject well. However, these issues are affecting our class's overall understanding and academic performance.

We kindly request you to look into this matter and take appropriate action to improve the learning environment for all students.

Thanking you for your time and understanding.

Student's sign

Yours sincerely,

Pavan Kumar
